

POLICY ADOPTION, MANUALS AND ADMINISTRATIVE PROCEDURES

Proposed new policies and proposed changes in existing policies shall be presented in writing for reading and discussion. Unless it is deemed by the board that immediate action would be in the best interests of the District, the final vote for new policy adoption shall take place not earlier than the next succeeding regular or special Board meeting. Any written statement by any person relative to a proposed policy should be directed to the Board secretary prior to the second reading. The Board may invite oral statements from staff members or patrons as an order of business. Existing policies may be amended by Board action at the same meeting they are presenting at a regularly scheduled Board meeting.

When the Board is considering a District policy adoption or amendment to policy that is not expressly or by implication authorized by state or federal law, but which will promote the education of kindergarten through twelfth grade students in public schools or will promote the effective, efficient or safe management and operation of the District, the proposed policy shall be described in any notice of the meetings at which the policy will be considered, if the notice is issued pursuant to the Open Public Meetings Act. Ch. 42.30 RCW. The Board will provide an opportunity for public written and oral comment on such policies before adoption or amendment.

In the event that immediate action on a proposed policy is necessary, the motion for its adoption shall provide that immediate adoption is in the best interest of the District. No further action is required. All new or amended policies shall become effective upon adoption, unless a specific effective date is provided in the motion for adoption.

The Superintendent, as the policy draft writer for the Board, shall seek the counsel of the school attorney when in his/her opinion or the Board's there may be a question of legality or proper legal procedure in the development of a proposed school Board policy.

Policies as adopted or amended shall be made a part of the minutes of the meeting at which action was taken and shall also be included in the District's policy manual.

Policy Manuals

The Superintendent shall develop and maintain a current policy manual which contains the policies of the District.

The manual is intended both as a tool for District management as well as a source of information to patrons, staff others about how the District operates. To that end each administrator shall have ready access to the manual.

In addition, a manual shall be available in each school library, and such other places (such as the District web site) as the Superintendent may determine for the use of staff, students and patrons.

All policy manuals distributed to anyone shall remain the property of the District. They shall be subject to recall at any time.

Administrative Procedures

The Superintendent shall develop such administrative procedures as are necessary to ensure consistent implementation of policies adopted by the Board.

When a written procedure is developed, the Superintendent shall submit it to the Board as an information item. Such procedures need not be approved by the Board, though it may direct the administration to revise them when it appears that they are not consistent with the Board's intentions as expressed in its policies. Procedures need not be reviewed by the Board prior to their issuance; though on controversial topics, the Superintendent may request prior Board consultation.
